2023-2024 Reevaluation – Income Change

Financial Aid Office Bristol Community College 777 Elsbree Street Fall River, MA 02720

Is your income or someone in your household's income significantly different than what you reported on your FAFSA? If so you may request a reevaluation of your financial aid based on changes in income for you, your spouse if married, or your parent's if you are a Dependent student for FAFSA purposes.

We will review requests from students who have documented loss of income, unemployment benefits, leaving job to attend college, or other significant change in your household income.

Please note: If the change in income is due to separation/divorce, birth/death, or IRA rollover, complete the form: Reevaluation: IRA or Household Size

If your FAFSA has been selected for verification you will need to complete verification before your eligibility for any adjustments can be made. The Financial Aid Office reserves the right to request additional documentation if needed to adequately document any adjustments it makes or to resolve conflicting or inconsistent information. The Financial Aid Office's decision regarding adjustments is final and cannot be appealed.
